UNIVERSITY OF MYSORE

Mr. E.G. McAlpine,
Vice-Chancellor.

MYSORE

Dated, 9th February 1943.

Dear Mr Appaji Gowda,

With reference to your D.O. letter No.3341/W. dated 4th February 1943 stating tha Lt. B.N. Lele would like to lecture to students in Mysore city about the 25th February about the Royal Indian Navy, I write to say that I have consulted Mr. A.B. Mackintosh, the Principal of the Maharaja's College and Mr. V.L. D'Souza, the President of the Uni versity Union regarding what they think would be the probable reaction of students to attend such lecture. They both hold the opinion which I share that it would not be opportune at this time for Lt. Lele to lecture to students regarding recruitment to th Royal Indian Navy. Apart altogether from the fact that Mysore is a land-locked State and that a large number of our students have never even seen the sea the general polit cal feeling among students is such that I should not like to suggest that any such lec ture should be held. Mr. Mackintosh tells me, for example, that every Mysore War - Front poster that is put up in the Maharaja's College is immediately torn down. He and Mr. D'Souza are both of the opinion that if any such lecture was advertised, it would probably either be boycotted or alternatively questions would be asked as to why students should join the Royal Indian Navy while the congress leaders were still in jail. As this is the second time that Lt. Lele has suggested that he should come to Mysore city, I think the best way of dealing with the situation would be to ask him to interview any students who were interested in joining the Royal Indian Navy. Notices regarding the hour when Lt. Lele would be available would be posted in the Colleges, - and students would be asked to interview him. I have no great hopes that this proce- dure will produce anything tangible in the way of recruits for the Royal Indian Navy, but it seems a better alternative than what is likely to happen at a public lecture.

I should perhaps add that Lt. Lele came to Bangalore before the strike trouble started last August and tried to interest Engineering College students in the Enginee ing Branch of the Royal Indian Navy. The Principal of the College and I took a grea deal of intefest in the scheme put forward by Lt. Lele, and I would have been willing to propose to the University certain concessions for such engineering students as - joined up. The whole thing ultimately came to nothing, however, and I believe I am correct in saying that no student of the Engineering College joined the Royal Indian Navy.

Yours sincerely
R McAlpine 9/2/43
